GRADIENTS OF BRAIN ORGANISATION
VIRTUAL SATELLITE EVENT
JUNE 23 - 2020

June 23, 2020
Times indicated in EDT

7:15   Welcome Remarks

7:30 – 9:00   Cutting-edge gradient methods
                Chairs: Daniel Margulies, Institut du Cerveau et de la Moelle Epiniere, France
                        Thomas Yeo, National University of Singapore, Singapore

                Ye Tian, University of Melbourne, Australia
                Koen Haak, Donders Institute, The Netherlands
                Reinder Vos de Wael, The Neuro, Canada
                Mac Shine, University of Sydney, Australia

9:00 - 9:15   Break

9:15 – 10:45   Brain hierarchies and cognition
                Chairs: Jonathan Smallwood, University of York, UK
                        Elizabeth Jefferies, University of York, UK

                Xiuyi Wang, University of York, UK
                Ruby Kong, National University of Singapore
                Lorenzo Caciagli, University of Pennsylvania, USA
                Alexandros Goulas, University of Eppendorf, Germany

10:45 - 11:00   Break

11:00 - 12:20   Genetic and developmental gradients
                Chairs: Casey Paquola, The Neuro, Canada
                        Richard Bethlehem, University of Cambridge, UK

                John Murray, Yale University, USA
                Sofie Valk, Forschungszentrum Julich, Germany
                Jacob Vogel, The Neuro, Canada
                Ting Xu, Child Mind Institute, USA

12:20 - 12:30   Closing remarks
